

## **Surrendering Yourself to Your Creator**

Lots of people in modern day society believe that humans came from nothing—we just happened. On the other hand, we know that there is a living, eternal God from whom everything comes. We are his handiwork! Everything comes from the eternal God!

Therefore, we want to surrender ourselves to the Creator who accomplishes his handiwork in us. We are products of God's genius and abilities. Consequently, we strive to surrender ourselves to our Creator who carries out his eternal purposes for us. We live for now and for eternity.

### **God is “Without Beginning or Ending”**

Everything in our world had a beginning. We began as two-celled humans in our mothers, experienced gestation, birth and many years of maturing. We did not just happen; we began in our mother and have kept maturing ever since then.

It's different with God the Father, God the Son and God the Holy Spirit. They are without beginning. The Trinity has always existed. God the Father, Christ Jesus and the Holy Spirit never had a beginning because they have always existed. Truly, God is without beginning or ending.

On the other hand, our Creator started our existence. We originated in his mind sometime in the eternal past, but did not exist until the moment of our conception. Fortunately, God's eternalness guarantees that we will exist forever. He is without beginning or ending; we had a beginning, but will not have an ending. We want to surrender ourselves to our eternal Creator who planned an unbelievably wonderful eternity for us! We want to love him, obey him, to carry out his wishes and plans. We want to live with him and for him! So, surrendering ourselves to our Creator is our ultimate goal.

Nothing comes from nothing because everything comes from the eternal God. God's infinite mind held each of us in his thoughts until the moment of our conception. At that moment God began molding us into what he wants us to be. Regrettably, we can rebel against God and ruin his will for our lives. However, we are not going to do that! We determine to surrender ourselves to heavenly Father, Christ Jesus and Holy Spirit. Then they mold us into their purposes for us.

### **Surrendering Yourself to Your Creator**

Our Creator accomplishes his handiwork in every human who surrenders themselves to his will. We do not merely happen by chance. God purposefully

molds us into his plan, into his will. We love heavenly Father, Christ Jesus and Holy Spirit and they mold us into the person they want us being. God is accomplishing his work in you as you love him without comprehending all he is doing in you and through you. You are the object of God's infinite love and as you love him in return, he brings about his incomprehensibly wonderful will for your life. He accomplishes his will not just during your time on earth, but throughout eternity future. You have a future that is better than you can imagine!

## **Live for Now and Eternity**

You exist because your infinite Creator wanted you to be. You are not an accident or a happenstance. God designed you to be who you are both during this time on earth and in the eternal future. So, live for now and, also, live with eternity in mind.

You are on earth because God wanted you here. You are meaningful, you are important, and you are a part of God's plan for creation. Therefore, we rely on Jesus' dependability. This dependable One declares that heavenly Father designed you for eternal life in the new heaven and new earth! "*I give them eternal life, and they shall never perish,*" Jesus declared about his followers. <sup>(1)</sup> Can you imagine that? God designed you for eternal life without disease, injury, sickness or an ending. Your Creator is going to live with you and you with him forever!

*"Now this is eternal life: that they know you, the only true God, and Jesus Christ, whom you have sent."* <sup>(2)</sup>
